

SHORT COURSE

TREE IDENTIFICATION

Africa Land-Use Training, in collaboration with Riaan van Zyl, is excited to present an Advanced Tree Identification course at Modimolle, Limpopo, scheduled for 22 – 24 April 2024 (with the option of attending only the introductory course on the first day). Below follows more detailed information about the course.

COURSE DETAILS

Course name	Date	Venue	Course fee (VAT included)
1. Introduction to tree identification	22 April 2024	ALUT Training farm, Modimolle	R 950.00 pp
2. Advanced tree identification	22 - 24 April 2024		R 2 950.00 pp

This course is designed to empower participants with the skills to proficiently identify trees, coupled with hands-on experience in the field. The course commences with a detailed presentation highlighting the significance of trees, tree taxonomy, and tree morphology, providing participants with essential tools for tree identification using various keys. Following the presentation, the next two and a half days are dedicated to practical identification exercises conducted in a nearby nature reserve.

Facilitated by the esteemed Riaan van Zyl, renowned for his passion and extensive knowledge of trees and nature, the course guarantees a deep exploration of the subject. Attendees will receive certificates of attendance upon completion. Additional information, including directions to the venue, the program itinerary, and a checklist of items to bring, will be provided after booking. The course will be presented in both English and Afrikaans.
